

DOES CHARITY PAY

3,000 Professional Workers in N. Y. and Chicago

To Prove Labors for Poor Pays at May Convention.

Indianapolis, Ind., April 28.—The National Conference of Charities and Corrections at its forty-third annual meeting at Indianapolis, May 12-17, expects to meet the charge that work for the submerged classes is a waste of energy. The program names 120 speakers. There are about 3,000 men and women engaged in professional social work in New York and Chicago. A defense of organized social work will be the illustrations of the Indianapolis program. The new science of social engineering.

Allen T. Burns, of the Cleveland Foundation, which is said to have accumulated within its first year about \$10,000,000, will speak on the "Organization of Community Resources."

The science and value of social surveys will be described by Shelby M. Harrison, of the Russell Sage Foundation, and Robert S. Siskind, of New York City club. Co-ordination of civic efforts in small communities will be the topic of a symposium arranged by Mrs. Ada Eliot Sheffield of Boston.

This conference of 2,000 social workers, is considering changing its name. It is argued that "charities and corrections" no longer describes the main objects of social work, which are preventive.

30,000 IN LOCKOUT

Cloakmakers Union Will Retaliate by Calling Strike of 35,000 More.

New York, April 28.—Thirty thousand workers in women's cloak, suit and skirt manufacturers received notice today of the beginning of a lockout affecting 400 shops controlled by members of the Cloak Suit and Manufacturers Protective association. In those shops where Saturday is observed as the Sabbath the lockout takes effect tonight. In other shops it goes into effect Saturday night.

In retaliation the president of the International Ladies Garment Workers union and officers of the eleven cloak makers unions announced that they will declare a strike to become effective next Tuesday, involving not only 35,000 affected by the lockout but also about 35,000 employees in 1,400 shops not controlled by the manufacturers' association.

If this threat is put into effect about 65,000 makers of women's clothing will become idle and the industry will be tied up as completely as by the big strike of 1910. The dispute arises over the question of maintaining a "closed" or "open" shop.

FAITH IN AMERICA

Japanese Press Believes Immigration Controversy Will End in Japan's Favor.

Tokio, April 28.—Despatches from America concerning Japan's protest against the Burnett immigration bill are given prominence by the Japanese newspapers, but no anti-American sentiment has been voiced.

The dominating note in the slight press comment is a calm confidence that the American legislators will not adopt a law unjust to Japan or offensive to Japanese dignity and honor.

The Japanese government resents the proposal to enact into law the Root-Takahira agreement restricting immigration of Japanese laborers and also objects to a provision in the pending immigration bill which by inference would class Japan with excluded Hindustan.

The senate immigration committee yesterday agreed to modify the bill by eliminating reference to the Root-Takahira agreement.

25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

April 28, 1891.

Tomorrow will be circus day in Topeka and the city will not only furnish the audience but also the circus. It is a home enterprise and one that Topeka people will take pleasure in attending, not only because it will be a splendid show for the money but because it is owned and managed by local men, Sells and his popular son, Willie Sells.

Fifty thousand dollars in cash has been put into the new enterprise. The performers have been collected from many lands. Two Lewis, the human corker, was telegraphed to in Paris and arrived a short time ago. Ledema and Jerome, trapeze performers, came from the City of Mexico. Mullaney, the Irish clown, has lately been with a circus at Queensdown, Ireland. McDonald, and wife, equestrians, are from Philadelphia, and Leslie Plamondon, black and white artist, is a Topeka boy.

Thirty-five different acts comprise the ring performance. The costumes are all of them wonders of beauty and elegance, being designed by Mrs. Allen Sells herself. After giving two performances daily on Thursday, Friday and Saturday the circus will leave on its special for the east. It will make a stand at Cincinnati, Columbus, Cleveland, Detroit, Toledo, Philadelphia; then to Coney Island, Long Beach and other watering places.

Mrs. D. K. Swearingen and daughter, Mrs. Charles Miller, will leave Topeka today for St. Joe.

Judge C. G. Foster has been suffering from a severe and protracted illness for some time. He was somewhat worse yesterday morning and today. Jones and Bold Alexander were called into consultation. They are of the opinion that the judge's illness is not dangerous.

J. E. Dolman has gone to Colorado Springs to visit for a few days.

The directors of the Y. M. C. A. last night elected Jesse Shaw president.

HIGH SCHOOL CIRCUS

Everything From a Parade to Side Shows in the Offering.

A real circus will be given at the high school this evening, true to circus form in all details from the parade down to the side shows. The main attraction of the circus is the farce, "The Mousetrap," with Miss Mary Christman and Emmet Shumway in the leads. Others in the cast are Miss Mary Carswell, Miss Blossom Robinson, Miss Helen McGill, Miss Bertha Wulke and Miss Hazel Williams.

Among the side shows is Madame Clowderowski, who holds your hand and describes your future. Blue Beard's mysterious room is another feature. The doors open at 7:30. The circus is for the benefit of the grand piano fund.

Palmer Cox 76 Today.

Cranby, Quebec, April 28.—This is the 76th birthday of Palmer Cox, King of Brownie Land, the man who created the brownies and made many a winter's night by the fire a veritable adventure for hundreds of thousands of American "kids," who are not "kids" any more. Cox is not at Brownie Castle, that great, rambling, mysterious stone pile he came back to this village and built after his won fame and fortune with his saucer-eyed and spindly-legged elf. Cox is at his New York residence, and hale and hearty as ever, he says.

CROOKS TO PRISON

Two Mexicans Sentenced in Hamilton County Court.

Believed Part of Organized Gang of Thieves.

Syracuse, Kan., April 28.—Ramon Manriquez and Juan Hernandez, two Mexican outlaws, were given sentence in the district court here by District Judge Downer, aggregating 25 years each in the penitentiary at Lansing, at hard labor. The men were arrested about three weeks ago for shooting at a Santa Fe train man who had ejected them from his train.

While being held in jail they dropped a few clues that caused Sheriff McCarter and Special Agent R. T. Angus of the Santa Fe to investigate further into their careers. The investigation developed the fact that they were members of an organized gang of Mexican thieves and burglars who have been operating in towns along the main line of the Santa Fe for the past six or eight months.

When confronted with the evidence against them that the officers had gathered they confessed to various crimes and went into court and pleaded guilty to assault with intent to kill burglary of the Todd store at this place in which they stole more than six hundred dollars' worth of merchandise, and to grand larceny. They also confessed to having robbed a store at Las Animas, Colo., and to the burglary of a store near Trinidad.

The burglary of the Todd store was committed in January, and to the time of the arrest of these men no clue could be obtained as to the perpetrators.

TEACHERS AT WICHITA.

Kansas and Missouri High Schools and Colleges Represented.

Wichita, Kan., April 28.—Teachers from high schools and colleges of Kansas and western Missouri were here today for the opening session of the tenth annual meeting of the Classical Association of Kansas and Western Missouri. Problems which confront the teachers of classical languages in the schools will be generally discussed, it was announced. The principal addresses of the conference will be delivered by Prof. Grant Showerman, of the University of Wisconsin, according to the program. Professor Showerman's subjects will be "The Dead Command" and "Preparedness."

The question of starting a publicity campaign to encourage the study of Latin in the colleges and high schools in the state will be discussed, it was stated. The teachers of classical languages in Friends university, Fairmount college, and the local high school had charge of the reception and entertainment of the visitors, seventy-five of whom were expected.

A dinner for the members of the association will be served by the domestic science department of the high school tomorrow. It was announced. The meetings will be closed Saturday afternoon.

DONATES LAND TO TOWN.

George Finnup Offers 160-Acre Park to Garden City.

Garden City, Kan., April 28.—Upon the thirty-seventh anniversary of the landing of Frederick Finnup in Garden City, his son, George W. Finnup, offered to donate to the city a tract of 160 acres of land, including the present fair grounds and buildings, to be used for a public park and playground, provided the city will make an annual appropriation for its improvement and upkeep. Mr. Finnup located in Garden City before the Santa Fe had built a depot or side track, and was in active business here from that time till his death, a little over a year ago.

This tract of land can be easily irrigated for trees, shrubbery and flowers, and at one end an artificial lake can be made with but little expense. This property lies on both sides of Main street and adjoining the city limits on the south. Its present value is about \$10,000. Mr. Finnup having made practically all of his money here believes in using a part of it for the benefit of the community that helped to make him well to do.

TRACTOR SHOW AT DODGE.

Exhibition of Machinery in Ford County May Be Annual Affair.

Dodge City, Kan., April 28.—Ford county is to have a tractor show at Dodge City on May 13, 19 and 20. Representatives of a number of tractor clubs met at the Phoenix hotel trial club rooms and selected the dates for the first show. It is hoped to make it an annual feature at Dodge City.

A suitable place is to be found for the demonstration near Dodge City. A level tract of land suitable for plowing is needed, and a committee was appointed to select it and look after the other details. This committee is composed of W. Davies, H. P. Schmidt, W. H. Lord, H. E. Bell and P. H. Sughrue.

PARSONS PEOPLE SING.

Big Community Chorus and Orchestra to Appear Tonight.

Parsons, Kan., April 28.—Interest in community singing will reach a climax here tonight when the community chorus, which has been under the direction of Prof. Arthur Nevin, of the University of Kansas, for some time will sing the oratorio, "The Seven Last Words of Christ" by Dubois. A chorus of more than 100 Parsons people will sing and an orchestra of twenty-five pieces will play the music.

Prof. H. B. Downing, instructor of voice at the University of Kansas, will sing the baritone parts and other soloists will aid the chorus.

HURT IN AUTO ACCIDENT.

Nebraska Man's Machine Turned Turtle Near Mankato.

Mankato, Kan., April 28.—Lewis Oliver, son of a Superior, Neb., merchant, was seriously injured in an auto accident seven miles north of Mankato Thursday morning. Young Oliver and a friend were returning to Superior from Mankato when the axle of the machine broke, causing it to turn turtle.

Doctors were called from Mankato and Superior and it is now thought the young man's injuries are not fatal.

Princess Recovers Health.

Paris, April 28.—The Geneva Journal announces the departure of Princess von Buelow, former German imperial chancery, and the princess from Lucerne for Germany, the princess having recovered her health after an illness resulting from the death of her mother.
